INDEPENDENT AUDITORS' REPORT

The Board of Directors
Kanan Devan Hills Plantations Company Private Limited

We have audited the accompanying special purpose financial statements of Electricity Distribution Division of Kanan Devan Hills Plantations Company Private Limited (hereinafter "the Licensee") as required by Clause 11 of Notification – Transfer of Distribution License in Munnar (No. 01/2007 dated January 30, 2007) issued by Kerala State Electricity Regulatory Commission, which comprise the Balance Sheet (Form D BS) as at March 31, 2024, and the Profit & Loss Account (Form D P&L), and Cash Flow (Form D CF) for the year then ended, and a summary of significant accounting policies and other explanatory information. The special purpose financial statements have been prepared by management as per the recognition and measurement principles of IND AS and disclosures as per the financial reporting provisions of Kerala State Electricity Regulatory Commission (Terms and Conditions for Determination of Tariff) Regulations, 2021 (Notification No.1234/Con Engg./2021/KSERC dated November 16, 2021) (the "Regulation").

Management's Responsibility for the Special Purpose Financial Statements

Management is responsible for the preparation of these special purpose financial statements that give a true and fair view of the state of affairs, results of operations and cash flows of the Licensee in accordance with the financial reporting provisions of the Regulation; this includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These special purpose financial statements of the Licensee have been extracted from the audited financial statements of the Company for the year ended March 31, 2024.

Auditor's Responsibility

Our responsibility is to express an opinion on these special purpose financial statements based on our audit. We conducted our audit in accordance with Standards on Auditing issued by the Institute of Chartered Accountants of India (ICAI). Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the special purpose financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the special purpose financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the special purpose financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

We have performed an audit of the financial statements of Kanan Devan Hills Plantations Company Private Limited for the year ended March 31, 2024 and issued an unmodified opinion dated April 17, 2024. Our audit of these financial statements was conducted in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the special purpose financial statements give a true and fair view of the state of affairs of Licensee (Form D BS) as at March 31, 2024, and of its results of operations (Form D P&L) and its cash flows (Form D CF) for the year then ended in accordance with the recognition and measurement principles as per Ind As and disclosures as per the financial reporting provisions of the Regulation as described in Note 2.1 to the Special Purpose Financial Statements.

Restriction and Distribution on Use

This Report is issued to the Licensee to meet the requirements of Kerala State Electricity Regulatory Commission and not to be used for any other purpose or to be distributed to any other parties. As a result, these financial statements may not be suitable for another purpose.

DELOITTE HASKINS & SELLS LLP CHENNAI-17 CHARTERED ACCOUNTANTS

NOTES FORMING PART OF THE SPECIAL PURPOSE FINANCIAL STATEMENTS OF ELECTRICITY DISTRIBUTION DIVISION OF KANAN DEVAN HILLS PLANTATIONS COMPANY PRIVATE LIMITED FOR THE YEAR ENDED MARCH 31, 2024

1. **Background**

The Kerala State Electricity Regulatory Commission has granted License to Kanan Devan Hills Plantations Company Private Limited (KDHP) (hereinafter "the Licensee") for carrying out the business of distribution of electricity within the area of supply as defined in the said License. The License came into effect from July 1, 2007 and will remain in force for 25 years from that date, unless revoked earlier in accordance with the provisions of the Electricity Act, 2003.

2. **Significant Accounting Policies**

2.1 **Basis of Accounting and preparation of financial statements**

The financial statements of the Licensee company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) as per the format issued by Kerala State Electricity Regulatory Commission vide Notification No.2076/F&T/2017/KSERC dated October 5, 2018. The financial statements have been prepared based on accrual basis of accounting under the historical convention unless otherwise stated in the statements. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 **Use of estimates**

The preparation of the financial statements is in conformity with the generally accepted accounting principles in India, which requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities and the reported income and expenses during the year. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between actual results and the estimates are recognised in the periods in which the results are known/materialize.

2.3 **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Licensee are segregated based on the available information.

2.4 **Depreciation**

Depreciable amount for assets is the cost of an asset or other amount substituted for cost, less its estimated residual value.

KANAN DEVAN HILLS PLANTATIONS COMPANY PRIVATE LIMITED
KDHP House
Munnar P.O
Kerala-685612

Depreciation on Fixed Assets is provided under Straight Line Method by applying rates as defined by the Kerala State Electricity Regulatory Commission Notification.

2.5 **Revenue Recognition**

Income from consumers including own consumption of Electricity is recognized as per applicable tariff approved by the Kerala State Electricity Regulatory Commission.

2.6 **Interest Income**

Interest on KSEB deposit is recognized on accrual basis. Assets are impaired based on objective evidence of impairment as a result of one of more events that occurred after the initial recognition.

2.7 **Fixed Assets**

Fixed Assets are carried at cost less accumulated depreciation/ impairment losses, consumer contribution, capital subsidies and grants if any. The cost of fixed assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Subsequent expenditure on fixed assets after its purchase/completion is capitalised only if such expenditure results in an increase in future benefits from such assets beyond its previously assessed standard of performance.

Assets purchased but not yet ready for their intended use are treated as Capital work- in - progress and are carried at cost comprising direct cost and related incidental expenses.

2.8 **Employee benefits**

Employee benefits include provident fund, superannuation fund, post-retirement medical benefits (PRMB), gratuity fund and compensated absences.

Defined contribution plans

The Licensee's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

For defined benefit plan in the form of gratuity and post-retirement medical benefits, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuation being carried out at each balance sheet date. Actuarial gains and losses are recognized in the Profit and Loss Account in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested

KANNAN DEVAN HILLS PLANTATIONS COMPANY PRIVATE LIMITED
Munnar P.O
Kerala-685612

and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and non-accumulating compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The Licensee does not grant long term compensated absence benefit for its employees. Chief Financial Officer/Manager's Salary – The expenditure attributable to senior management staff is allocated between Electricity Distribution Division and Other Divisions on an estimated basis.

Actuarial valuation of gratuity and post-retirement medical benefits to employees has been made for the company as a whole and hence the proportion applicable to Electricity Distribution Division has been made on an estimated basis. Actuarial valuation is based on the following the assumptions:

Particulars	March 31, 2024	March 31, 2023
Discount Rates (Gratuity)	7.10% p.a	7.36% p.a
Discount Rates (post-retirement medical benefits)	7.10% p.a	7.36% p.a
Expected rate of return on plan assets	Not Available	Not Available
Expected salary increase rates (Gratuity)	5.00% p.a	6.00% p.a
Expected increase in health care costs (post-retirement medical benefits)	8.00% p.a	8.00% p.a

Since the Electricity Distribution division is a part of KDHP, detailed disclosure relating to the contribution as mandated by Ind AS 19 is not made.

2.9 **Expenditure**

a) Direct expenditure relating to the Electricity Distribution Division is being reckoned as per information available from the code allotted for the same in the books of KDHP.

b) There has been no allocation of Corporate Office Overheads except for employee benefits expense of Management Staff who are directly involved in the Electricity Distribution business in the proportion of the efforts.

KANAN DEVAN HILLS PLANTATIONS COMPANY PRIVATE LIMITED
KDHP House
Munnar P.O
Kerala-685612

2.10 **Line Loss**

Permissible line loss is considered as 13.75% of the power units procured. For units of line loss over and above permissible loss, Rs. 0.1 per unit is provided as Line loss duty.

2.11 **Taxation**

Current Tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

2.12 **Deferred Tax**

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are generally recognised to the extent of the reasonable certainty of the expected realization.

2.13 **Impairment of Assets**

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognized for such excess amount. The impairment loss is recognized as an expense in the Profit and Loss Account, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

2.14 **Provisions**

A provision is recognized when the Licensee has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.15 Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

d)	for Quarter IV & deposited on 15 th March.			
	Total---(A)			

Note: The Income Tax Department has always allowed the Electricity Operations of the Petitioner as an integrated part of the tea business based on the Orders of the Appellate Tribunal and hence all incomes/losses under the operations are considered as tea income or loss under Rule 8 of the Income Tax Act, 1962. Considering the tea operations are a loss in AY 23-24, there is no income tax liability to be allocated for the electricity operations.
